IT'S TIME WE TALK....

This year observed a program on women's health and well being.

This program was in association with family welfare committee of FOGS under the supervision of Dr.Amit Pandey. This program made people aware of the importance of health issues in life of a women.

A housewife often neglects her own health. She wakes up early morning. Does her regular work and in all this hurry she forgets to take care of her health forgetting the importance of her health in today's scenario.

Being a single person to handle all the issues in life., be it waking up a kid or preparing of breakfast or making a house into home or even the meare issue of a water line failure, its all the job of

women.

Life is too short to complicate

the things. Women often take care of too many things in life but the major issue that they forget to take care is of their own life.

This program was in association with family welfare committee n Mrs. Smita Mathur was the person incharge for this program. This program was be the inner circle of rotary.

Guest lectures...

26th January, 2010 observed a guest lecture on "Team Approach to Management of Cleft Lip and palate deformities by Dr. Rajiv Agarwal MS, MCH, DNB, Assistant professor (Department of Plastic Surgery),

And Dr. Lara Soares also addressed the gathering and informed the students and faculty about various approaches and techniques to cure the ailment.

Case of the issue::

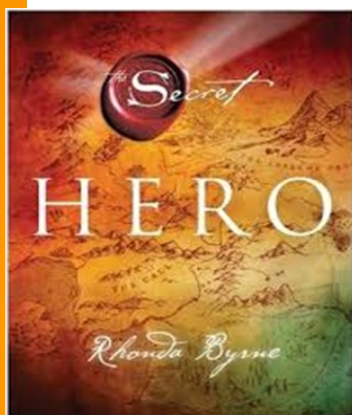

Pre-operative

Post operative

ROOT RESECTION PROCEDURE FOR ADVANCED BONE LOSS

A 28-years-old male patient reported to the Department of Periodontology, Saraswati Dental College, Lucknow with the chief complaint of pain and difficulty in chewing from the right lower back tooth since 3-4 weeks. On clinical examination probing pocket depth of 11mm was found on the distal proximal surface of 46. On radiological examination circumferential bone loss was seen surrounding the distal root of 46. The patient underwent root canal treatment followed by root resection surgery i.r.t 46 and the distal root was resected. The post operative evaluation after 9 months showed well maintained tooth with appropriate chewing efficiency.

Suggestive Reading ::

Almost everyone has heard the phrase: "It's all in the mind," but how many have ever tried to understand its importance and implica-

tion? I was also a part of this crowd until a few days ago, till I read 'The Secret' by Rhonda Byrne. This book can change your way of life, renew your thoughts and teach you to live a peaceful and contented life and be an architect of your own happiness and success. In this book, the

author unveils a 'secret' which she claims to have been known for centuries. In the words of the author, "It has been passed down through the years, highly coveted, hidden, lost, stolen, and bought for vast sums of money."

College Week (2010)

Amit Ambuj was appointed as the college captain for the year 2010–2011. This year the college week was from 11th march till 14th march. There were many events which were organized through out the week and the four houses were ranked according to their participation and the total marks they gained during this week.

Importance of time:

1 year: ask a student who has failed in his exams .

1 month: ask a mother who has given a birth to premature baby

1 week: ask an editor of a weekly periodical

1 day: ask a daily labourer

1 hour: ask the lover waiting to meet

1 minute: ask the person who has missed his flight

1 second: ask the person who has survived an accident

1 millisecond: ask the sprinter who has missed the olympic gold medal

Saraswati Dental College & Hospital, Lucknow, under the Chairmanship of **Lt. Col. (Dr.) T.S. Mathur** is an ISO 9001:2008 Certified College and is committed to a policy of equal opportunity for all in every aspect of its operation.
